

A SILVER CONVERT.

A recent convert to the silver cause is Hon. Hiram Price, an ex-Republican member of Congress, and for years a Commissioner of Indian affairs.

He comes out in a letter to the Washington Post and denounces the gold-bug conspiracy in measured terms and lays at the door of Wall street the present business depression. In the letter he points out the coming of a new party which will sweep aside the old.

In speaking of the fight against silver, he says:

"And if this fight is continued against one of the prominent and useful industries of this country, it may possibly result in the formation of a party not owned and controlled by the shysters of trade and commerce. A party whose banner shall bear upon its folds the legend, equal responsibilities and equal privileges for all cases and colors and conditions of men."

His stand has astounded the old party men in Washington and created a sensation.

Gradually as the silver question becomes better understood, honest men of the old parties who desire to see the masses accorded protection from the robbers of New York, are falling in line with Nevada's representatives. The fight has opened in earnest. All we need do now is to keep in line.

HANDS OFF.

The Enterprise has opened up under the new management with a vigorous defense of the Comstock. Under this head it says:

Blackmailers have organized a system, which through persistent effort has been worked sufficiently to cast a cloud over the Comstock, and the only interest of the Comstock through any by means of which we live. Without it we must all immigrate, and find new occupations, and endeavor to adapt ourselves to them. With our liberal ways and expensive mode of living, the odds would be decidedly against us, and the majority of us, unless we mend our ways greatly, would be forced to accept the charity which is publicly extended to paupers, and look back with jealous eye to the former fare of the Comstock indigent list. If the organized gang of blackmailers and legal cut-throats have their way, the foregoing picture cannot fail of ultimate realization.

Employment, labor and wages is what makes the Comstock, and it should be the earnest endeavor of every man living here to see to it that our industries are properly represented to the world to encourage the investment of money and the prosecution of mining work and development.

Credentials from Candidates.

There will be an army of applicants for clerkships when the legislature meets.

As there is a general new deal in the new party, which has sprung from the ruins of the two old organizations, it might be well for the members to carefully scrutinize the records of those who demand places on the strength of their labors for the cause of Silver. There are a good many rampant Silver men now all over the country, who did not make their Silver views manifest until after election day, and some of these men are now talking about being rewarded.

It would be well for the members to demand of each applicant an indorsement from his County Central Committee, before his case is considered.

All the indorsement required would be something like this:

"Mr. _____ belongs to the Silver party and was with us during the campaign working and voting for the Silver ticket."

A candidate who cannot get this indorsement ought not to apply for a Legislative clerkship.

It is rumored that Cleveland, Carlisle and others have had a conference and decided to drop Henry Watterson of Kentucky as a political factor. It is not always easy to drop an editor of Watterson's influence. If they attempt to drop Watterson, it will make an earthquake when he strikes the ground.

The change in the weather indicates a storm of some kind.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.
